CompGroup AGC
Workers' Compensation
Group Discount Program

TexasMutual[®]
Insurance Company

If your company designs, engineers or builds, you should know our crew. We're building better, more cost-effective workers' compensation with our group discount program.

A solid foundation

- The CompGroup AGC provides workers' comp coverage for members of the Associated General Contractors – Texas Building Branch.
- Texas Mutual Insurance Company is a leading writer of workers' comp group discount programs, also called purchasing groups.

Strong framework

CompGroup AGC purchasing group members get:

- A premium discount based on the group's premium volume, and they retain their own experience modifier
- An additional discount by participating in Texas Mutual Insurance Company's workers' comp health care network (for eligible policyholders)
- Potential individual and group dividends*
- Claim and loss prevention services, including a safety plan developed for the construction industry

On the level

- Workers' comp insurance is the only coverage that provides medical and income benefits for injured workers *and* legal protection for employers.
- The CompGroup AGC is an approved purchasing group for the commercial building construction industry. For a list of qualifying class codes, visit www.texasmutual.com, or call (800) 859-5995.
