

PREVENT ACCIDENTS

TEXAS MUTUAL®
LOSS PREVENTION
SERVICES

You probably have car insurance to protect you in the event of an accident. Wouldn't it be nice if your insurance carrier taught you how to prevent accidents in the first place? That's what Texas Mutual Insurance Company does for its policyholders.

WHY FOCUS ON SAFETY?

We believe safety is just as important as quality and production in every business. A safety program can help you:

- Prevent workplace injuries, illnesses and deaths
- Lower your workers' compensation costs
- Increase your productivity
- Improve employee morale and relations

PARTNERS IN SAFETY

We treat our policyholders like partners. We know that launching a safety program can be overwhelming, but we're here to help. You provide the commitment. We'll provide the expertise and the tools.

SAFETY TEAM

Our safety team includes certified professionals strategically located around Texas. They have education and experience in a wide range of industries, and they are committed to delivering practical workplace safety solutions for our policyholders.

SAFETY RESOURCE CENTER

Our free, online safety resource center is a gateway to custom information and materials. Policyholders can visit www.texasmutual.com to:

- Uncover and correct the causes of workplace accidents.
- Create safety programs designed around your operations.
- Get DVDs, videos, pamphlets and other safety training materials.
- Find out how much money accidents cost your business.

SAFETY FIRST, SECOND AND THIRD

Our safety pros boiled the safety process down to three key steps. The result was an exciting concept in workplace safety: Safety first, second and third. Visit www.texasmutualsafetyfirst.com to plan, train and analyze your way to a better safety record.
