**W**orkers' compensation is good medicine. At Texas Mutual Insurance Company, we take care of Texas hospitals and medical facilities with lower premiums and a healthy range of services.

### Just what the doctor ordered

Workers' comp is the only coverage that provides medical and income benefits for injured workers and legal protection for employers. State law allows employers in similar businesses to reduce their premiums by purchasing their coverage as a group. The Hospitals of Texas (HOTComp) group purchase program is open to qualifying Texas hospitals and their majority-owned subsidiary businesses. Visit [www.texasmutual.com](http://www.texasmutual.com) for a list of eligible class codes.

### A dose of discounts

HOTComp members get a discount on their premiums and an industry-specific safety plan. Members are also eligible to participate in the individual and group dividend programs.\* Eligible policyholders can earn an additional discount by participating in Texas Mutual Insurance Company's workers' comp health care network.
