W

hen you're working with wood, a good cut is everything. It's the same with workers' comp premiums. Join the Texas Lumber and Wood Products (TLWP) group purchase program, and trim your workers' comp costs.

Out of the woods

Workers' comp insurance is the only coverage that provides medical and income benefits for injured workers *and* legal protection for employers. State law allows employers in similar businesses to reduce their premiums by purchasing their coverage as a group.

The TLWP group purchase program is open to qualifying loggers, sawmills and most forms of wood products manufacturing, including window, door, casing, cabinet and truss manufacturers. For a list of eligible class codes, visit www.texasmutual.com, or call (800) 859-5995.

Clear-cut benefits

TLWP group members get a discount on their premiums, an industry-specific safety plan and potential dividends.* Eligible policyholders can earn an additional discount by participating in Texas Mutual's workers' comp health care network.
