Pipeline to lower premiums

**Texas Oil & Gas Association
Workers' Compensation
Group Purchase Program**

TexasMutual[®]
Insurance Company

You give Texans the resources to power our future. The TxOGA group purchase program returns the favor by lowering your workers' comp premium and offering potential dividends.

Drill down to the basics

Workers' comp insurance is the only coverage that provides medical and income benefits for injured workers *and* legal protection for employers.

State law allows employers in similar businesses to reduce their premiums by purchasing their coverage as a group. The TxOGA group purchase program is open to most segments of the oil and gas industry. For a list of eligible class codes, visit texasmutual.com, or call (800) 859-5995.

Pump up the savings

Texas Mutual Insurance Company gives each group member a premium discount based on the premium volume of the entire group, regardless of individual premium size. Eligible policyholders can earn an additional discount by participating in Texas Mutual Insurance Company's workers' comp health care network.

Earn royalties

Texas Mutual Insurance Company believes in rewarding loyal policyholders whose low claim losses help control premiums. TxOGA group members are eligible for potential group and individual dividends.*

Workover your safety program

Members can adopt a safety plan developed for the oil and gas industry. They can also get free safety training material in the safety resource center at texasmutual.com.
