# Manufacture lower workers' comp premiums.

From appliances to zippers, making things is your business, and making workers' compensation coverage for Texas manufacturers is a big part of ours. The Texas Association of Manufacturers (TAM) safety group gives you a premium discount and a nonstop assembly line of services.

## The raw materials

Workers' comp is the only coverage that provides medical and income benefits for injured workers and legal protection for employers.

State law allows employers in similar businesses to reduce their premiums by purchasing their coverage as a group. The TAM safety group is open to qualifying manufacturers. For a list of eligible class codes, visit [texasmutual.com](http://texasmutual.com), or call (800) 859-5995.

## Churning out value

TAM group members get a discount on their premium, an industry-specific safety plan and potential dividends.\* Eligible policyholders can earn an additional discount by participating in Texas Mutual Insurance Company's workers' comp health care network.

## Your inventory of services

Texas Mutual Insurance Company is your long-term workers' comp solution. Other benefits of Texas Mutual® coverage include:

- ▶ Zero tolerance for fraud policy
- ▶ Effective claim management techniques
- ▶ Free streaming videos and other materials in the safety resource center at [texasmutual.com](http://texasmutual.com)
- ▶ Lasting commitment to Texas employers

## Your supply chain
