LEARN MORE

To learn more about safety groups,
contact Texas Mutual at (800) 859-5995.

We'll help you manufacture workers' comp savings with the Texas Association of Manufacturers (TAM) safety group. Membership in this safety group is open to heavy and light manufacturers.

In addition to a premium discount, members have access to an industry-specific safety plan and can qualify for a group dividend. Texas Mutual policyholders also have exclusive access to more than 2,000 free safety resources, including 200 e-Learning online modules, to help keep their workers safe.

DIVIDEND HISTORY

All Texas Mutual policyholders have the opportunity to earn individual dividends, but as a member of the TAM safety group, you may qualify for an additional dividend if the group has favorable results. Safety group dividends are based on the group's overall loss history rather than a company's individual history.
