

THE DIVIDEND difference

Nearly 75 percent of Texas Mutual policyholders earn a dividend.
Are you ready to earn yours?

When you choose Texas Mutual, you become a policyholder owner of the company. That comes with many benefits to help your business, including the potential to earn dividends.

\$280 million
in dividends paid out to
policyholders in 2018

OWNERSHIP PAYS AT TEXAS MUTUAL

Safety pays

Dividends are our way of rewarding employers for making safety a priority. The fewer accidents your business has, the better chance you have to earn.

Loyalty bonus

When you choose Texas Mutual year after year, your loyalty is reflected in your dividend.

Twice the earnings

Policyholders who are also safety group members can earn an additional dividend based on the group's performance.

A warm welcome

Even if you are new to Texas Mutual, you can still earn a dividend after your first year through our early qualifier dividend program.

Dividends are based on performance and therefore are not guaranteed.

Visit texasmutual.com/ownershippays to find out more about earning your Texas Mutual dividend.
